

KOMTER COMPRESSORS

COMPANY PROFILE

ABOUT US

KOMTER delivers Indian-made air compressor solutions with German technology for all kinds of industrial sectors. We combine advanced technology and quality materials to ensure high performance, efficiency, and reliability.

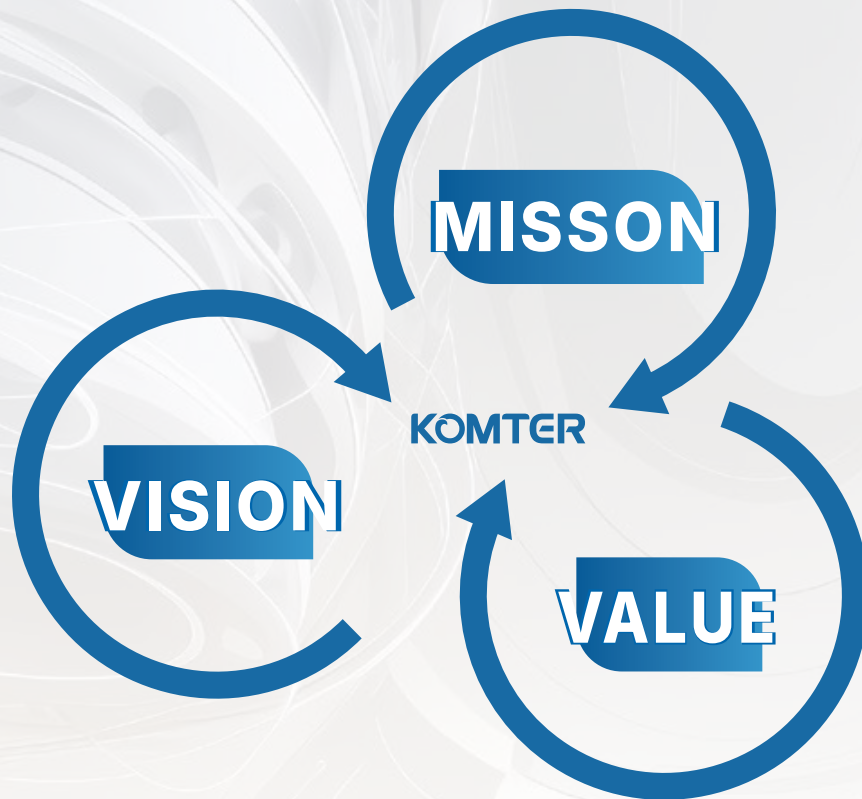

From auditing your needs to design, manufacturing, testing, installation, and commissioning, we offer complete, customized solutions. Our future-ready systems support your long-term success with a strong compressed air infrastructure.

Certifications

CRAFTED WITH PASSION, DESIGNED TO PERFORM

MISSION

Our mission is to reach globally with the Made in India tag. We ensure customer satisfaction through customization and innovation.

VISION

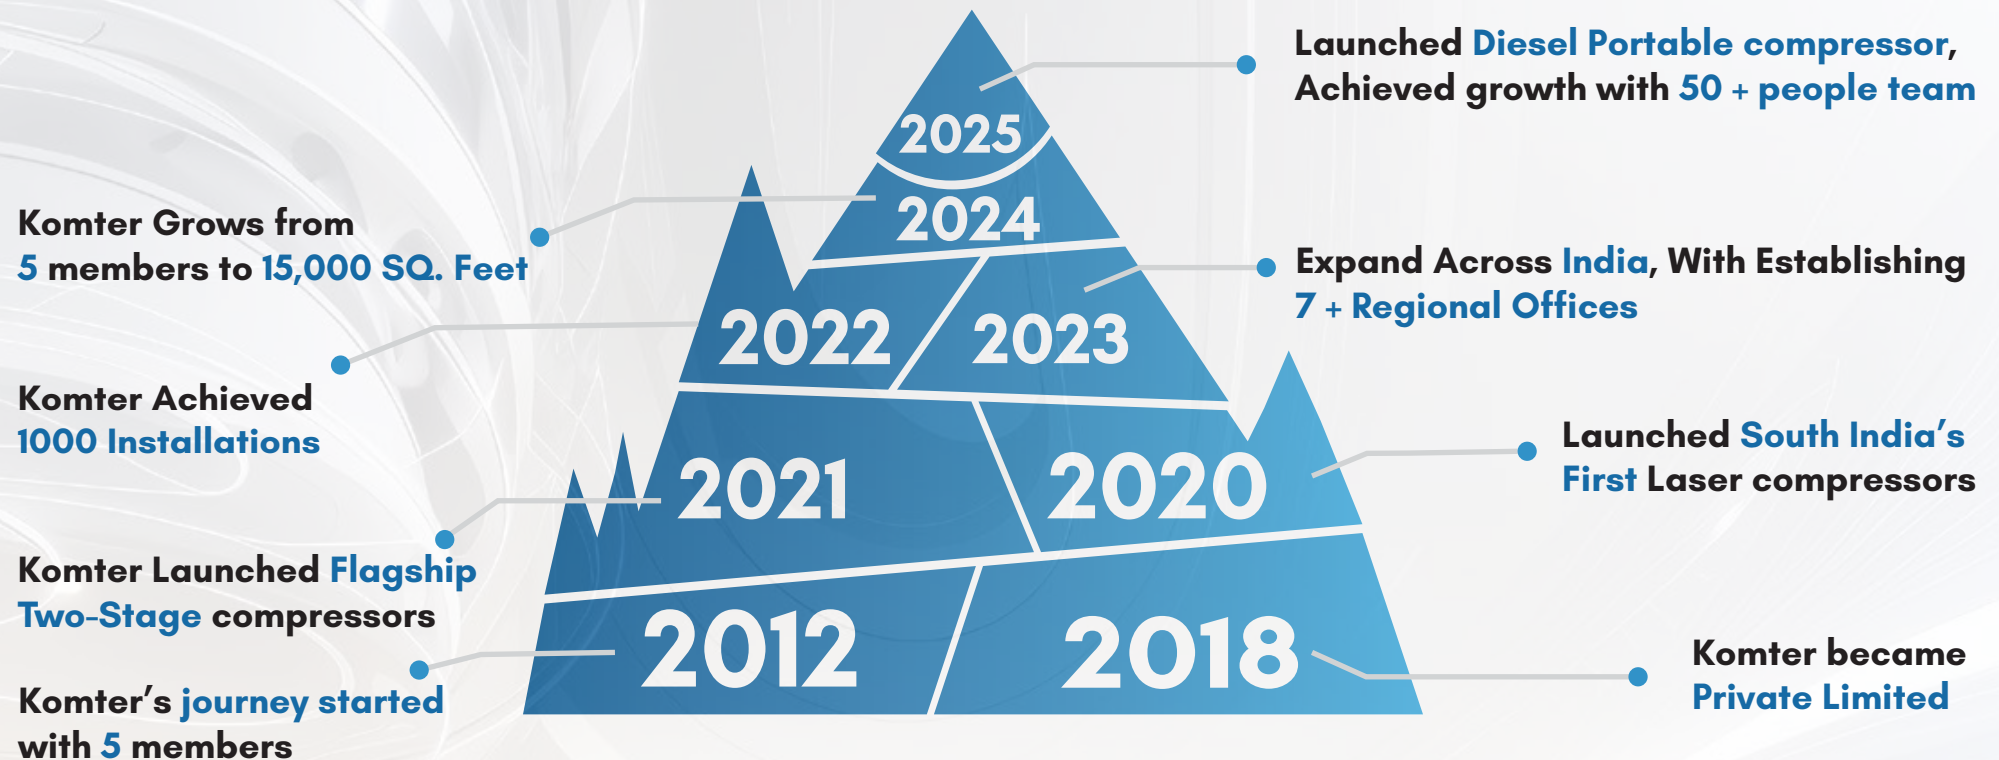

Our vision is to be rooted in customer focus, trust, and long-term growth in air compressor solutions. We deliver sustainable, innovative, and high-quality products.

VALUE

We provide reliable compressed air solutions with German drive trains. Our expert team offers 24/7 service support and tailored engineering solutions.

KOMTER'S JOURNEY

2012 - 2025

KOMTER'S STATS

23 %
CAGR

We are proud to share that we are growing at a CAGR of 23%. Every year, we strive to outpace our previous performance and deliver even greater value to our customers and partners.

₹ 200
Million
Turnover

With a turnover of 250 million INR, Komter demonstrates strong financial success. This milestone reflects both increasing customer trust and steady revenue expansion. It underlines the company's leadership position in the competitive marketplace.

3350+
Installations

We are delighted to share that we have completed more than 3,350+ installations for our customers. Each installation showcases our technical expertise and the dependable nature of our products and services.

2350+
Happy
Customers

We are thrilled that our efforts have been a part of growth for over 2,350 happy customers. Being a part of their success stories is one of the most rewarding aspects of our journey.

25+
Dealers
& Promoters

Komter's network of 25+ dealers and promoters ensures wide market reach. These partnerships help deliver personalized service and strong local presence.

7+
Regional
Offices

We are happy to share that we have established more than 7+ regional offices to serve our customers. To ensure that customers can reach us without any gaps.
